Denver, CO 80218

SequenceMD is a private medical genetics practice located in downtown Denver, Colorado that specializes in the diagnosis and management of adults with rare or inherited genetic conditions. The clinic provides patients, primary care providers, and other medical specialists genetic consultation, counseling, and testing services.

Upon receipt of referral, SequenceMD will contact you within 7-days to schedule your upcoming intake and evaluation visits.

SequenceMD is staffed by Patrick Long, MD and Alisha Shudy, MS, CGC. Dr. Long earned his medical degree from the University of Cincinnati College of Medicine and completed his Family Medicine residency training at the Detroit Medical Center in 2018. Dr. Long finished his Medical Genetics residency and Biochemical fellowship at the University of Colorado School of Medicine and Children's Hospital of Colorado in 2021.
